

Diane F, Merritt, MD Fellowship Director Pediatric and Adolescent Gynecology
Washington University School of Medicine in St. Louis, Barnes Jewish Hospital,
Missouri Baptist Medicine Center, Saint Louis Children's Hospital Saint Louis, Missouri
1998-2019

Faculty Advisor Fellowship in Pediatric and Adolescent Gynecology - I "trained" my first fellow before there was an official "fellowship committee" at NASPAG, and I am very proud of all she has accomplished in her career. In 2010 I used my research funds (approx. \$250,000) as seed money and created a formal fellowship with the support of my chairman and continued to recruit and train PAG fellows. By this time there was a more formal program with NASPAG. Fellowship opportunities were advertised on the NASPAG.org website beginning 2009-2010.
